

Zeolites: Prospects and Challenges

March 1st 2012
Caen, France

INVITATION

Avec le soutien de ...

Workshop

Zeolites: Potential and Challenges

LCS - ENSICAEN - University of CAEN - CNRS - FRANCE

March 1st 2012

Opening

9h00	Prof. J.-P. Gilson (LCS-Caen)
9h10	Mr. L. Beauvais (President Lower Normandy)
9h20	Prof. A. Fuchs (President CNRS)

Invited Talk

9h30	Prof. A. Corma (ITQ-Valencia, Spain) "New directions in zeolite synthesis"
9h45	Prof. J. Martens (COK-Leuven, Belgium) "Moving from academic research to applications"
10h00	Prof. T. Bein (LMU-Munich, Germany) "Non conventional application of porous materials"
10h15	Dr. F. Fajula (ICGM-Montpellier, France) "Hydrocarbon catalysis"
10h30	Prof. B. M. Weckhuysen (University of Utrecht, The Netherlands) "Relationship between structures and properties of porous materials"
10h45	Dr. V. Valtchev (LCS-Caen, France) "Zeolite crystal engineering"

Coffee break 11h00 CNRT

 11h30	Prof. J.-P. Gilson	Visit of LCS facilities
---	--------------------	-------------------------

Lunch 12h30 Building E

 14h00	Dr. S. Mintova	Round table discussion
---	----------------	------------------------

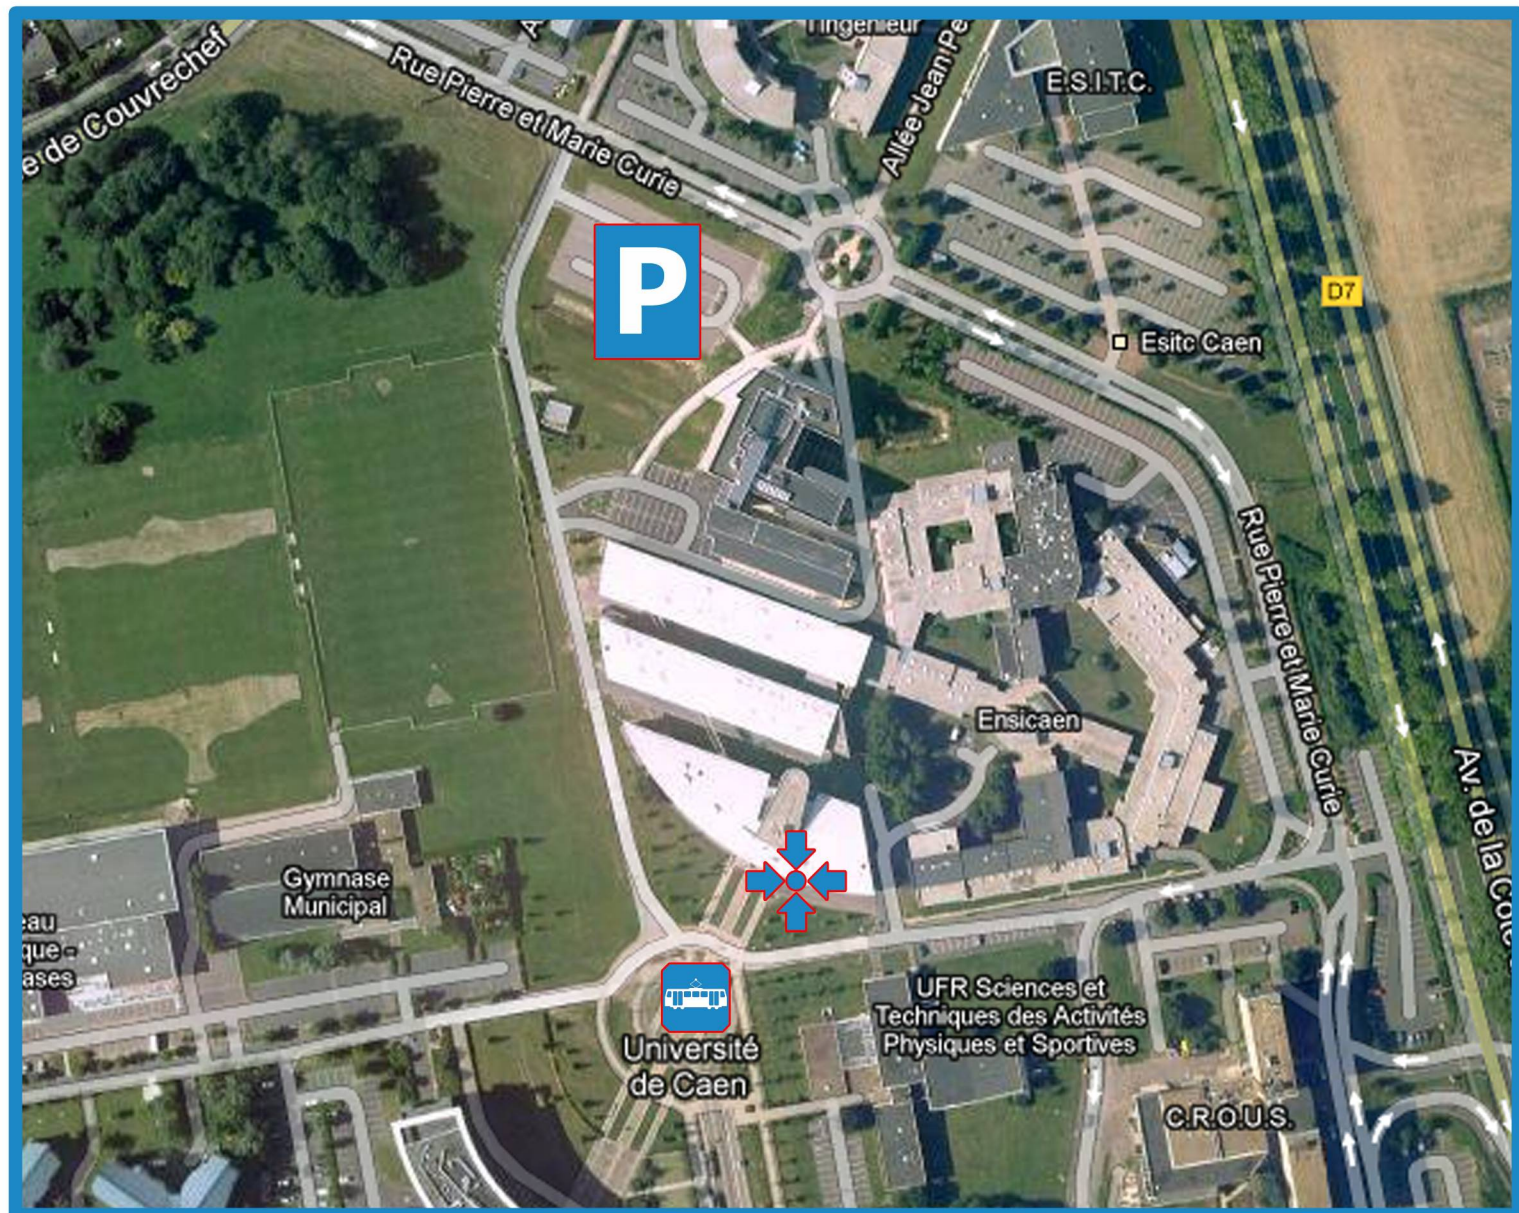

Coffee

 16h00	Dr. F. Thibault-Starzyk	Closing remarks
---	-------------------------	-----------------

Workshop

Zeolites : Prospects and Challenges

Access by Train

Take Tram A [30 min]

From Train Station SNCF

To Caen-Campus 2 (final stop)

Rue Pierre et Marie Curie

14000 Caen

LCS - ENSICAEN

6 Boulevard Maréchal Juin

14000 CAEN

Phone : 0033 2 31 45 28 21 - Fax : 0033 2 31 45 28 22
